What aspects of this TA's teaching were most helpful to you? (Please type one idea in each box below.) Aspect 1:

I thought Atul picked helpful things to review in section - the things that were the most unclear were usually what he helped us review in section which was great.

Aspect 2:

I don't like the handouts. They are too long for the short time we had in section, so it might be helpful to shorten them a bit and upload the rest at review problems.
